TROUBLE AGAIN

Mrs. Whaley Swears Out Warrant for Prin. Benning

OF KELLOGG ST. SCHOOL

Says Her Boy Was Cruelly Beaten at School.

Mrs. Ella Whaley, accompanied by Mrs. West, walked into the office of the city court yesterday and swore out a com plaint against Professor Benning, principal of the Kelloge street school, alleging that he unnecessarily beat, wounded and assaulted one Cleveland Whaley, a pupil of the school and a son of the complainant, The trouble occurred Tuesday It is probable that all the strife and muss that occurred last winter over a similar matter will be gone over again and patrons of the Kellogg street school will be dragged off to court to testify in the trial

It will be remembered that Professor Benning had quite a time of it last Janunty with parents who become dissatis fied with certain things about the school and the prejudice of different persons on tered largely into the matter, to the disturbance of the school. The school board, however, clearly and almost unanimously supported Professor Benning in that time and things had been progressing rather smoothly until the complaint was filed resterday by Mrs. Whaley. A reporter for The Bagle was present when the complaint was filed, and as soon as the naure of it was made known he endeavores to get a statement from the women, bu Mrs. West smiled and said "Never mind." Mrs. Whyley would have talked of the case, but her friend interrupted and hurried her away from the court room. It was thought that this case is being tirged by the same persons who were mixed up n the other trouble of Professor Bannington's, and that it will be as hard ought by both sides as the other trial Professor Benning seems to have a great many friends, who will not believe that to is in any manner to blame for the fiftigs beaped up against his managemen inwever, who claim that he is not a mar for the place, and who seem to be determined to give him a great deal of trouble The trial on the complaint of Mrs. Whaley was set for a hearing at P Welock this afternoon in the city court

Professor Benning could not be seen tast night for his version of Tuesday's trouble. It appears that the Whaley bo is long on mischief and has to be chustined asionally, but Mrs. Whaley charges the

SPAIN'S GREATEST NEED.

Mr. R. P. Olivia, of Barcelona, Spain, nerves had caused severe pidra in the back of his head. On using Electric Bitters, America's greatest Blood and Ne.ve. Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puls vim. vigor and new life into every muscle, nerve and organ of the body. If weak, tired or siling you need it. Every bottle guaranteed, only 10 cents. Sold by G. Gehring, drugglet,

HOME duties to many women seem more important than health.

No matter how ill they feel, they drag themselves through the daily tasks and pile up trouble. This is heroic but a penalty has to be

paid. A woman in New Matamoras, Ohio, MRS, ISABELL BRADFIELD, tells in the following letter how she fought with disease of the feminine organs until finally forced to take to her bed. She

WOMAN'S DEVOTION TO HOME

"DEAR MRS. PINKHAM—I feel it my duty to write to you to tell you that I have taken Lydia E. Pinkham's Vegetable Compound and think there is no medicine in the world like it, I suffered for nine years, and sometimes for twelve weeks at a time I could not stand on my feet. I had female troubles of all kinds; backache, and headache all the time.

Seven different doctors treated me. Some said I would have to go to the hospital and have an operation performed. But oh! how thankful I am that I did not, that I tried your Vegetable Compound instead. I cannot say too much in its praise, nor thank you enough for what it has done for me. I want you to publish this in all the papers for the good of other

sufferers." The wives and mothers of America are given to overwork. Let them be wise in time and at the first indication of female trouble write to Mrs. Pinkham at Lynn, Mass..

forheradvice. This advice is promptly given without charge. The present Mrs. Pinkham's experience in treating female ills is unparalleled; for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, advising and helping by letter as many as a hundred thousand ailing women during a single year.

GOOD FOR C. R. I. P.

In Freight Rates on Packing Products

GIVES WICHITA JUSTICE

Differential of Six Cents Is Eliminated.

The Rock Island railroad has recently done handsomely by Wichita in many things, but the best of its gifts has just

It has started to destroy the discrimin ation against Wichita's market for packing house products. There is a howl from Kansas City, as usual, but the Rock Island is not to be bullied, and the rates will stand as they are with the discrimination against Wichita eliminated, and not as the Kansas City papers intimate, reinstituted by giving Kansas City a lower

The Rock Island has recently given Wichita a train south on Sunday, and is the first road to give a Sunday excursion into the city, the first coming next Sun-

rates. Wichita is to have the same equitable rate to eastern markets as Kansas

One of the amusing features of the talk in the Kansas City papers is the admission that Wichita's market is superior to Kansas City's; that it is nearer the livestock market, and stock can be delivered here with less shrinkage than at Kansus

The Kansas City Journal yesterday had he following: "There is trouble brewing in packing-house circles and the Rock Island raffroad is the storm center. Several days ago the Rock Island notified the Frans-Missouri Freight asociation of its intention to make the Kansas City and St. Joseph rates on packing-house products applicable from Wichita, thus wiping ou the differential of 5 cents in favor of Kansas City that has been in vogue for years. The railroad contends that Wichita is an intermediate station on its line, and therefore the rate cannot be higher. The packers on the other hand contend that the position of the railroad is not tenable, as t could not be expected to overcome its disability when the Kansas City rates were made applicable from St. Joseph, Kansas City has enjoyed a differentia 6 cents under Wichita on this partic ar business for years, and there is every ason why it should. The Wichita puck r has his establishment in the middle cattle and hog rallng country, and is nabled to get his livestock much cheaper than Kansas City, as the latter has to pay the freight; besides the former has the advantage of getting his stock in better ondition, as it is not subject to shrinkage To equalize this condition and place both packers on a parity, the differential was granted, and, while it did not cover the whole difference, the better facilities and orger products of the Kansas City houses nade it satisfactory.

There is another peculiar thing in Wich. ita packing-house rates. The Wichita packer can enter the Kansas City market and place his product in competition with the local packer on a flat rate of 12 cents per 100 pounds On the other hand, the Kansas City packer is taxed 30 cents per ita market, and if he goes beyond Wichits e pays as much more as the local freigh condition is not considered equal, and is possible that sufficient pressure will b brought to hear to induce the Rock Island to rescind its action.

A prominent official of one of the Trans-Missouri lines said yesterday: "We ar not, as you know, interested in Wichita and, while not desiring to do that city any harm, shall insist upon the maintenace the established differential in favor of Kan sas City. There is absolutely no justifies tion from our standpoint of the position taken by the Rock Island, and we intendoing all in our power for the proper pro

tection of Kansas City's interests." W. P. Trickett, commissioner of the Kansas City Transportation bureau, was seen yesterday and asked for his view o the matter. He declined to talk, but whe convinced that the Journal was in ful cossession of the facts, he consented t make a statement, and was very frank b what he said. "I do not think the Rock Island had any intention of injuring Kan ses City in giving office of the reduction n packig-house rates from Wichita," said Mr. Trickett. "But the effect of such change on this market can be seen at lance. I have contended that existing anditions do not differ from those which prevailed at the time the 6-cent differ ential was established, and it should therefore, be conceded that the Wichits nackers do not require any greater adantage over Kansus City than they have oreinfore enjoyed. That they have adrantage over this market by reason o oser proximity to livestock producing erritory cannot be disputed, and they are now seeking what is unnecessary in the successful conduct of their business to the urther disadvantage of Kansas City.

"If the Rock Island pensists in maintain. ng its action, will you ask for a corre ponding reduction from Kansas City es to regain the parity that existed pric o its action?" was maked Mr. Trickett. "That is a mutter that I do not care to discuss at this time," he replied.
